

Although you may be able to fill out this file online, we recommend that you download it to your computer and open it in whatever PDF reader app you have installed. There are two pages: first a registration form you'll turn in at the show; second a sheet of ten optional table forms to put on the display table with your model(s). The PDF is fill-able, so you can type in the information on your computer. Your name will automatically appear on the table forms.

Should you have difficulty working with the PDF in your reader app, you can obtain a free download of Adobe Acrobat Reader at this link:

<https://get.adobe.com/reader/otherversions>

You will be able to choose your computer's OS and language.
